### ANNOUNCEMENT.

For Magistrate.  
We are authorized to announce  
Thomas J. Jones as candidate to  
represent him as Magistrate in  
Owingsville, Ky. No. 6, subject  
to the action of the Democratic  
party.

Taxes are troubous times in Wall  
street. The gambler gets it sooner  
or later.

Unc. George C. Clay and the  
Pope were two of the oldest famous  
people in the world and died with  
in a short time of each other. Gen.  
Clay was a man of the most mark-  
ed individuality.

The noted Henry Clay status on  
the platform at this famous  
convention at the Lexington  
cemetery lost his head from some  
cause last week—possibly Clay  
was sold guilty of life.

Some one from ambush tried to  
give Riley Colindres his last lead  
but he was testified against Bill  
Powers, has been appointed to serve  
on the trial of the Kentucky Coal  
Committee. The importance of such  
a political service should  
apparatus to every one.

The results of the grand jury's  
investigation of Breathitt county  
crimes at the special session of  
court last week were disappointing.  
Court was indicted for the killing  
of James Cookrell, but the other  
alleged犯 were acquitted. The  
alleged犯 were indicted, but the investigation  
of Dr. Cook's murder, and the  
attempt to cover it up failed. Gard-  
ner, Powers, however, only  
indicted in the latter connection.

The negroes were very wary  
and savage in Wall street so  
and bulls had it last week, the  
bullets cleaving great patches of  
hides from the bodies. Friday is  
the day of the grand trial place  
Friday. The total shrikage  
the price of all sorts of  
big broker firms made assignments  
was \$100,000,000. The price of  
a million and a half. Real  
values are not hurt, as the corpora-  
tions whose prices of whose stock  
are being made are not  
affected.

DANVILLE, Ia.—A "code of  
conduct" for the annual  
"Negro" in a negro  
mob formed to lynch the negro, and  
a negro fired into the crowd, killing  
a white man. That negro was  
hanged and his body was left in  
the jail in which the negro犯 was  
confined. The mob then at-  
tacked the jail and was fired on  
the outside. Two negroes were  
killed and a number wounded. A number  
of negroes were beaten by the mob.  
There seems to be no remedy for  
this. The negroes are not to be  
punished for the commission of  
these crimes by the negroes.

The responsible element of negroes  
help by condoning severely  
all criminality of members of their  
race.
